(R)EINHEITSGEBOT #17

ENGLISH TRANSLATION

Dear awakened ones! A lot of questions were asked about the video linked in issue #15 about those giant trees of several hundred kilometers in height, but most of all, and this surprised me very much, about the bread made from acorns shown towards the end. Shouldn't by this time already the question time have ended due to the senselessness of baking, roasting, cooking and the addition of commercial flour? We eat acorns only raw, because only in this case all beneficial nutrients promoting our purity are available to us, similar to all other nuts. Acorns are the purest nuts of the forest of our middle kingdom, not meant to be deprived by devaluation measures of the destruction of life - at least that is my recommendation. All the things that the video creator has shown us in the best possible way, and all the knowledge that is available in the VOLKESBOTSCHAFTEN is destroyed by the creator towards the end of his message through the unnatural disfigurement of the purest UR-food of best L I F E - **remedy**. Place pure acorns in the center of your LIFE, collect and crack them, add them to your fresh wild greens, grind linseed and hemp seeds with the coffee grinder and mix in protein powder, a few cocoa beans and you will discover what new powers you have after a continuous application phase of at least three months! Your life changes immensely, not only your wallet suddenly has an overflow. But if you eat carbon...

Another grateful request concerned the "LUZIFER" mentioned in #16:

"I may, no, I must, clarify something: Lucifer is translated everywhere as "bringer of light." That is wrong. The word consists of Luke+Fer, so it's rightly called hatch fire, so Lucifer means fire thrower. Not to mention the words "lodge" and "loki" are also contained."

Unfortunately, this assumption is completely misconceived. The compound noun "LUZI-FER" originates from a word twist of the evil satanic language of the Roman Zionist, Latin. In their eyes, LUCIFER is their bringer of light due to the all-burning lamp in heaven, the "one eye" within the prism pyramid. From there the harmful creature looks over its terrarium, burns the life, mainly in the summer months, which are considered by the most ignorant and stupid people on earth to be the best time for the annual vacation. The evil one sends his bloodsuckers, leaves the days far too long takes away people's rest and sleep, gives them extensive and distracting occupation, after all, the senseless lawn must always be cut on edge. Nightly binge drinking in the wild, soon it will be winter again, "Enjoy the time in the fresh air!" ... so they say. But the air has a very small nutritional value for the lungs, especially in summer, and our organisms in great need, the giant trees are missing, which are able to keep the "burner of El Jahu" in check. Fresh, cold Air, nourishes the organism many times more than the spongy "plürre" in much too hot and ill making summer months. Deception, and the ISAIS warned us about it in verse #118, is everywhere. In our language "ILU" and its masculine completion "GARIL" are the two-sided polar light-bringing of the completion, like MAN and IR in the rune futhork. Therefore also in Babylonian original language was the name of the city "Babil" - the gate to the light. This truth the malice also tried to adopt by founding the Order of ILLUMINATES on May 1, 1779 in Ingolstadt. ILLU, with a double "L", does not originate from our language. It is a twist! LUZIFER is called LUXIFÈRE in its origin, standing for "something like light", because the "yellow lamp" is not a real light, it radiates a formatted vibration, not a fluorescent and therefore measurable light known to us. So Lucifer is not a flamethrower, a hatchet light, nothing like that, but a portal of radiation, hailed as the sun, something that only resembles light, the most evil peephole.

The primary intention (and not in the least understood I fear) of my previous message seems not to have arrived, when readers give first priority attention to the completely trivial nonsense of "Lucifer". **The chaff is separated from the wheat from this moment on!**

In issue #16, the attentive reader learned on the one hand: People and animals lived in harmony in those tree giants; on the other hand, it was conveyed, that the higher man settled in those tree giants, the higher was the concentration of the oxygen content (=health/better thinking capacity) and thirdly was written, at least in my ensuing spiritual think tank: the inferior, the scum of the carbon world, carcass eaters, did not settle at red blood (see the flag), higher was the concentration of the oxygen content, but within the blackness of the earth, in which their solidified carcasses soon became compost.

The question, perhaps better formulated, would be: "*Where is the ear of corn, where is the stem?*" or "*Where on the plant do we find the wheat, where do we find the chaff?*" And, just to be on the safe side:

*"Where do you want to spend your life in the future,
where the heavy metals in the air are deposited,
where wars are being fought due to the murder of animals,
where your property is stolen from you,
or in the bright heights of the Kingdom of Peace?"*

Let the politics-obsessed - the people working down there, the inferior ones - continue their wars against each other. There can and will be no more airplanes and air battles in the known form. Such dense vegetation, at an altitude of several tens of kilometers, trees, with a diameter of 10, 20 or 200 kilometres, which can be easily obtained - their weapons are not enough to harm these giants, let alone obtaining an overview of the ramified celestial maze. Nuclear bombs are just another intelligence test, as I proved years ago, since in Japan stood the death penalty for the disclosure of true information that Hiroshima and Nagasaki were ultimately burned to the ground using napalm.

In this respect, if we compare the two Japanese cities with the firestorm in our homeland, ATOMIC BOMBS were dropped also by our 'friendly' British and American allies on cities of our empire, when the mass murderer Churchill, who had been appointed by the Satanists, on the day of the many hearts the VALENTINE'S DAY executed the revenge ritual of Yahweh. Wasn't there a promising new cooperation of Maik Gaikler with those 'friends' under consideration? We find so many of them everywhere, even in ISRAEL. You'll see how quickly the trap closes again!

So let those inferior ones play down there, whatever is their equivalent! Let them occupy foreign lands, create new DEMONcracies, which they whitewash as "kingdoms of freedom". We occupy the airs by means of our giant trees, connect all those great things together to gigantic cities, and experience there in the Kingdom of Heaven (You remember my word creation!?) our own property our truly own, creating a new paradise there. Fresh air and no one to dictate our holy, light thinking. Hundreds of thousands of kilometers of hiking and trade routes, which can be overcome quickly by means of transport technology, the branches of the trees are hundreds of meters wide. The earth is no longer serving our value, the present greedy ones have long divided it between themselves.

Our trees, fertilized with the correctly applied fertilizer - and in this test phase I am currently - will grow about 10-25 meters per year, maybe even more, if I receive much more of the best fertilizer. However, this requires a **100% pure fertilizer factory**, without which those trees would still be able to grow a few centimeters per day, more than the usual 3 - 4.5 mm in any case, but not 7 cm

per day or more, as it was once communicated to the true giants of the trees, as they were cared for with the best fertilizers of highly spiritual people. It should have really make "click" in your brain by now... How I alone - and at the moment I am in contact here with many people, who are trying to make my stay pleasurable,, but they are by no means pure - can bring to live this planned and inspired by pure godliness fertiliser factory for 167 trees is still a mystery to me. It would be feasible with an enlightened folk , but where to take from in this situation, if not steal?

The 17th rune within our ARMANEN-FUTHORK is the rune "EH", which is the counterpart of the 8th rune, "NOT". EH means ascension, "NOT" the EMERGENCY-**TURN**, the possibility for all of us to finally reach the kingdom of light, if we understand, internalize, implement and achieve victory in our holy aspirations. With us, the "*lonely righteous*", is the Divine, according to the clairvoyant of our people, Sajaha in her 12th verse. Accordingly, this 17th (R)EINHEITSGEBOT should also provide an essential spark for you, if you express interest in awakening.

YOU HAVE TO MOVE, YOU HAVE TO DO! No one will step into the breach for you, unless you have proven to be one of those named. That Divine protects only his own, the ones belonging to us. And whatever evil Satan-Juda is inflicting, it's just a tiny little bit in comparison to the invincible ALLPOWER of our pure being. We can't just be wiped out by some matter-freak on the sidelines. MIND is indestructible, always victorious, since **MIND is the CAUSE of all EFFECT**. Therefore, dear reader, is your current restraint a really questionable imposition for all those who are inspired by the holy Spirit! Do you still think that you will saved by someone because... ? Why would someone jump in the bramble for you? Did you prove yourself to be of special value? Then I didn't want to say anything, but what exactly did you do?

Please, on this subject, **ABSOLUTELY** watch and understand this video. These "gods" did not come from the EARTH (!)... Earth, you understand? Long-lived, thousand-year-old "gods", who descended from "heaven", who were powerful, more powerful than those crawling on the ground. And now connect this knowledge with the things you read. When does one descend from heaven, a possible god, who should be able to fly at least in his vehicle. Why this word "descend"?

Do you understand my intention better by now?

In Liebe und Verbundenheit,
:friedrich wilhelm thomas aus dem Hause Neubert
